What's left on your "Honey Do" list?

Why Home Maintenance Plans? Average Replacement Costs

Water Heater	\$ 900
AC/Heating	\$ 5700
Appliances	\$ 750
Mold/Mildew	\$ 2000

Remember **CHORE Masters** Service Plans help maintain and prevent costly repairs or replacement of your homes most important systems and we provide you with detailed maintenance records to help maximize your home's value.

What is a Home Maintenance Service Plan?

A Residential Home Maintenance Service Plan is a yearly, quarterly, or monthly service agreement that provides recommended "preventative" maintenance on the most important systems in your home: AC/Heating, Water Heater and Appliances. By maintaining these systems, the earlier the better, we help reduce repair and replacement costs for homeowners.

What is the Home Concierge Service?

The Home Concierge Service is our innovative approach to providing a "White Collar Approach" to a "Blue Collar Industry". Customers can login to their customer account and track every detail of their home's maintenance and repairs. Want a copy for your records? No problem. Just choose the file you want and print. Everything you ever needed to remember about your home with the click of a mouse.
